Chapter 3 by [BLDE_79] LeMaironi- merry chrysler

Joe, Brandon, Megan, Delanie, and Souca made up a group of friends everybody regarded as "the Squad." The Squad themselves coined that term. They were quite proud of being the only solid group in the school.

Well, the Squad was rolling down to the laser tag arena. They expected to face people they knew, but they would always fight as "the Squad," although Megan and Souca would usually carry the group. They didn't expect to run into the class vampire. Well, he's not *really* a vampire. He just hates everything a normal person loves. Mostly sunlight and pop music. Most of the Squad agrees with him on the pop music. They also theorize that he could be an albino, since he covers even his face and always wears almost overpoweringly potent sunscreen.

So imagine their surprise, when they ran into Sandemonte. Yes, that's his first name.

"Joe addressed him. "Yo Sand! I thought you hated the sunlight!"

"A necessary evil. Besides. The laser tag arena is dark. They cancel."

"But what about the return trip?"

"What do you think I'm wearing the oversized hood and sunscreen for?"

"That stuff does smell potent. Knowing you, it doesn't have an SPF less than two hundred."

"The store was out of special orders. I had to settle for ninety-nine, and I feel like I am on fire."

"So it goes. It probably doesn't help with you wearing that black hood."

Sandemonte hissed at the slightest insinuation that he should remove the jacket. "We should just go to the arena so I can kick your ass for that comment."
